

# ClassDojo Information

Chestnut Playgroup is excited to introduce to you Class Dojo. Using this tool makes it easier for parents/carers to engage in our playgroup and see what we are doing day to day. Class Dojo gives great opportunities for us to share information in the playgroup and at home.

As staff we can:

- Post updates on what we have been doing
- Share photos of what activities we have been doing
- Use the skills bubbles to recognise positive attitudes and skills of learning

As parents/carers you can:

- See the "story" of our playgroup: photos and videos of achievements
- See how your child uses skills and our golden rules within the playgroup
- Send private messages to the playgroup, but we would like to inform you that this would not be recommended as the main way to communicate as we cannot guarantee answers straight away and therefore we encourage you to still contact the playgroup via telephone for important messages.

How to get started:

1. Download the Class Dojo app (iOS, android and kindle fire)
2. Sign up as a 'Parent' (not Student)
3. Enter your code (which you will receive when your child starts playgroup)

Security and keeping your children safe is very important to us. As a parent/carer you will be able to access information about your own child, and the staff are able to oversee the whole playgroup. There is more information regarding Class Dojo's commitment to security and privacy at [www.classdojo.com/privacycenter](http://www.classdojo.com/privacycenter).

If you have any questions please speak to Charlene Hayes, Pre-school Leader. We look forward to sharing more of our experiences with you.

Best Wishes  
Chestnut Playgroup
