Parent Workshop

Learning and exploring through play

Dear Parents and Carers,

Chestnut Playgroup highly promotes learning and exploring through play. This is the best way for children to engage with learning and explore new experiences.

We are going to hold a Parent Workshop on **Monday 6th November 6-7pm**. This is for parents and carers only please.

We felt this would be a great way to engage with our families regarding how children learn through play. Each member of staff has been busy organising their own 'Talk Tables' where they will have different areas of development displayed on how children can learn through play. They will share resources and ideas with you, and they will also be available to ask any questions. (Please note, if you have any concerns regarding your child's development please speak with your child's key worker in the setting, and we can arrange a meeting to discuss this if you wish).

Types of 'Talk Tables' available:

- Learning through play at home.
- Getting ready to write
- Early Maths
- Toileting
- Communication and language
- Our feelings are important.
- Healthy choices

This is our first ever Parent Workshop, so please do give us your feedback afterwards as we would love to know your thoughts and if there are any ways that we can improve it later on.

There will also be refreshments provided. We look forward to seeing you all there.

Best Wishes

Chestnut Playgroup Team
